Please note that we also carry out digital advertising campaigns from time to time that do not rely on your personal information.

## 6. Your rights

This section describes your rights and explains how to exercise those rights.

You may have rights under local data protection laws in relation to your personal information. For example, the California Consumer Privacy Act ("CCPA") provides

consumers (California residents) with specific rights regarding their personal information. As a part of our commitment to our users, we are extending the following rights, including certain CCPA rights, as described below, to all of our users.

These rights are not absolute and are subject to certain exceptions. For instance, we cannot disclose or permit access to specific pieces of personal information if the disclosure or access would present a certain level of risk to the security of the personal information, your account with us or the security of the business's systems or networks.

- The sources for the personal information we collected about you.

- Our business or commercial purpose for collecting or selling that personal information.

limited time, as permitted by law. For example, for Trust and Safety purposes or to respond to a law enforcement request.

### 6.3 Exercising Access and Deletion Rights

In addition to the methods described above for exercising your delete and access rights, you may also submit a verifiable consumer request to us by sending an email inquiry to [info@gevonomie.nu](mailto:info@gevonomie.nu).

We cannot respond to your request or provide you with personal information if we cannot verify your identity or authority to make the request and confirm the personal information relates to you. We reserve the right to verify your identity in connection with any requests regarding personal information to help ensure that we provide the information we maintain to the individual to whom it pertains, and allow only that individual or their authorized representatives to exercise rights with respect to that information.

Making a verifiable consumer request does not require you to create an account with us. However, we do consider requests made through your password protected account sufficiently verified when the request relates to personal information associated with that specific account.

We will only use personal information provided in a verifiable consumer request to verify the requestor's identity or authority to make the request. If you designate an authorized agent to make a request on your behalf, you may have to submit information confirming such designation.

Any disclosures we provide will only cover the 12-month period preceding the verifiable consumer request's receipt. The response we provide will also explain, if applicable, any reasons we are not able to comply with all or any portion of such request. For personal information access requests, we endeavor to provide the information in a portable

format that is readily useable and should allow you to transmit the information from one entity to another entity without hindrance, specifically in “.csv” files.

We do not charge a fee to process or respond to your verifiable consumer request unless it is excessive, repetitive, or manifestly unfounded. If we determine that the request warrants a fee, we will tell you why we made that decision and provide you with a cost estimate before completing your request.

#### 6.5 Right to request correction

You have the right to request the correction of any of the personal information we have about you, although we may need to verify the accuracy of the new data you provide to us. In order to request the correction of your personal information, please email [mydata@fairplaats.nl](mailto:mydata@fairplaats.nl).

#### 6.6 Personal Information Sales Opt-Out Rights

The CCPA defines the terms “sale” much more broadly than the common interpretation of the term. For example, sharing user IP addresses with advertising platforms in order to show relevant advertising, is now considered a “sale” under CCPA. As part of our commitment to our users, we are extending the CCPA’s Do Not Sell My Personal Information rights to all of our users.

In order to exercise your right to opt out of the “sale” of your personal information as defined by the CCPA, please click the Do Not Sell My Personal information link or [emailinfo@geconomie.nu](mailto:emailinfo@geconomie.nu).

You do not need to create an account with us to exercise your opt-out rights. We will only use personal information provided in an opt-out request to review and comply with the request.

#### 7. How long do we store your data?

We will only retain your personal information for as long as necessary to fulfil the purposes we collected it for, including for the purposes of satisfying any legal, accounting, or reporting requirements. Please note that we often need to retain certain data for recordkeeping purposes and/or to complete any transactions that you began prior to requesting a change or deletion.

#### 8. Technical and organisational measures and processing security

We maintain administrative, technical and physical safeguards designed to protect personal information against accidental, unlawful or unauthorized destruction, loss, alteration, access, disclosure or use. For example, all information you provide to us is stored on our secure servers behind firewalls.

The safety and security of your information also depends on you. Where you have a password to access to certain parts of our Services, you are responsible for keeping this password confidential. We ask you not to share your password with anyone.

Please note, despite the measures we have implemented to protect your data, the transfer of data through the Internet or other open networks is never completely secure and there is a risk that your personal information may be accessed by unauthorised third parties.

#### 9. Links to third-party websites

Our Platform may contain links to third party websites or apps. If you click on one of these links, please note that each one will have its own privacy policy. We do not control these websites/apps and are not responsible for those policies. When you leave our Platform, we encourage you to read the privacy policy of every website you visit.

#### 10. User-Submitted content

Some features of the Services allow you to post content on our Platform or social media pages, such as photos. We do not have control over how other users who have access to the Platform will use any content you post publicly or send to them privately. We urge you to exercise discretion when sharing personal information with other users.

We may also use any ad you post on Geconomie, including the uploaded photo or image of the product as well as other data (including user name and location) associated with the ad, for our own advertising purposes, including social media, Facebook ads, newsletters and ads for any media.

To help protect your privacy, we allow only limited access to other users' contact information as necessary to fulfil your transactions and collect payments. However, when users are involved in a transaction, they may have access to each other's name, user ID, email address, and other contact information.

#### 11. State Privacy Rights

We respect your privacy and have never sold our users' personal information as most people understand that term. Recent laws, such as the CCPA, provide California state residents various rights over their personal information and define terms like "sale" much more broadly than the common interpretation of the term. For example, sharing user IP addresses with advertising platforms in order to show relevant advertising, is now considered a "sale" under CCPA.

In the preceding twelve (12) months, as defined by the CCPA, Gevonomie has "sold" (as defined in the CCPA) the following categories of personal information for a business purpose:

Identifiers reasonably capable of being associated with a person or household (such as online identifier, email address)

#### 11.4. CA Rights

Under the CCPA, California residents have consumer rights including the right to access specific information and data portability; the right to request deletion of personal information; and the right to opt out of the “sale” of personal information (collectively “Rights”). #### NEVADA

Nevada law permits residents of Nevada to opt-out of data sales by web operators. A “sale” under Nevada law means the exchange of personal identifiable information for monetary consideration to a person for that person to license or sell that personal identifiable information to additional persons. Gevonomie does not sell your personal information under Nevada law. However, Gevonomie is offering all of its users the right to opt out of the sale of personal information under the CCPA, which we believe contains a broader definition of “sale.” If you are a Nevada resident and would like to

opt-out of a “sale” of your personal information in accordance with the CCPA please submit the request for the same.

As such, you must explicitly declare your use of this facility to make that visible to the user. Allows an application to receive the Intent.ACTION\_BOOT\_COMPLETED that is broadcast after the system finishes booting. If you don't request this permission, you will not receive the broadcast at that time. Though holding this permission does not have any security implications, it can have a negative impact on the user experience by increasing the amount of time it takes the system to start and allowing applications to have themselves running without the user being aware of them. As such, you must explicitly declare your use of this facility to make that visible to the user.
